The above web application has undergone through IT (Cyber) Security Audit by our organization through provided Test URL as per guidelines, advisories, white papers and vulnerability notes issued by Indian Computer Emergency Response Team (CERT-In) and National Critical Information Infrastructure Protection Centre (NCIIPC). We also tested the URL of the web application against various Web Security Standards like Open Web Application Security Project (OWASP) Top 10 Web Risks, SANS Top 25 Software Errors, Common Weakness Enumeration (CWE), Common Vulnerabilities and Exposures (CVE) etc. The Web Application Security Consortium (W3C) and Web Content Accessibility Guidelines (WCAG).

**Conclusion: On the basis of audit outcomes It is certified that the above application is safe from any known vulnerabilities as on date.**

The Certificate shall be deemed invalid if the underlying IT infrastructure of the web application gets modified after compliance audit.

### **Other Recommendation:**

1. The audit of web application shall be carried out at least once a year or as and when any significant upgradation of its process and computer resource.
2. Web Server Security and the OS hardening need to be in place for the production server. It is also recommended to deploy and proper configure the SSL.
3. Website should comply with Guidelines for Indian Government Websites (GIGW).

**This Certificate valid for one year from the issue date.**
